The Boycott and Build Team promotes using our dollars to vote.

We cannot wait for elections!

Connect the dots! We, the consumers, are part of both the *problem* and the *solution*. For too long, we've been buying into the system the oligarchs have built to enrich themselves at our expense.

- We must collectively stop supporting businesses that use their profits to weaken our democracy.
- We must actively **build** a just and sustainable economy by consciously spending and investing each dollar.

Learn how to be part of the **solution** at <https://www.indivisibletucson.org/boycott-and-build.html>
